Corporate capabilities statement

Investigations. Risk. Protection. Training.

Stoic Group LLC provides discreet investigative and risk-focused services for businesses, corporate counsel, security directors and human resources teams throughout Florida. Engagements are tailored to each organization's objectives, risk profile and reporting requirements.

CORPORATE INVESTIGATIONS

Internal misconduct, suspected fraud and theft, insurance-related inquiries, commercial disputes, witness interviews, records research and factual documentation.

RISK & WORKPLACE SECURITY

Hostile termination risk mitigation, workplace threat assessment, facility security reviews, technical surveillance countermeasures (TSCM) and authorized physical penetration testing.

EXECUTIVE PROTECTION

Protective support following threats to executives and their families, protective transportation, corporate events and site security. Protection plans are tailored to each client's threat profile and operational needs.

SECURITY TRAINING

Advanced classes for security personnel and corporate staff: active shooter preparedness, core security principles, situational awareness, de-escalation, emergency response and standard operating procedure (SOP) development.

EXPERIENCE & DELIVERY

Extensive experience in national-level corporate environments. Our agents bring a diverse range of professional experience, from direct military combat, security and reconnaissance to psychological warfare (PSYOP), countermeasures, healthcare and finance. This breadth of expertise allows us to approach complex threats from multiple perspectives and deliver effective, intelligence-driven solutions.

We don't deliver the illusion of safety.
We deliver practical protection against real risks and threats.
